

BIOGRAPHICAL NOTE

Dr. Pericles S. Vallianos is professor of political philosophy at the University of Athens. His recent published work includes a Greek translation with a critical introduction of Hegel's *Faith and Knowledge*, as well as an edition with a critical introduction of M. Arnold's *Culture and Anarchy*. His research interests include the epistemology and political theory of German idealism, especially in its connection with ancient Greek thought. His latest book is entitled *Hellenism, Science, Criticism: Conceptual Foundations of Modernity*. Among his other works are: *Nécessité universelle et légitimité politique: Antigone dans la pensée de Hegel*, *Hegel and Greek Philosophy: The Claims of Historical Reason*, *The Shield of Achilles: Aspects of Ancient Greek Political Experience*, *Politics as Mediation: Law and the Private Sphere in the Late Plato*.
